ATS Acoustic Putty Pads

Sold in packs of 10

Acoustical putty for residential and commercial construction. Designed to maintain the performance of acoustically rated walls with penetrations such as electrical outlets, HVAC ducts, water hookups, and cables.

ATS Acoustics Putty Pads are a more affordable, easy to use acoustical putty on release paper for use around junction boxes. Wrap all boxes in acoustically rated walls with ATS Acoustics Putty Pads in order to maintain the highest STC ratings. Works in all designs including single and double stud, RC, clips, and QuietRock walls. Each pad is 6" x 8" x 1/8" thick.

Also sold in full cases of 144 Putty Pads.
